GETTING STARTED

How should I prepare for my first day?

PRE-BOARDING ACTIVITIES

Here are just a few more things to do

ABOUT US

And here's a little bit about us and what we do

The Challenge

Texas Trust has over 300 employees in the Dallas/Ft. Worth Area and is continuing to grow. As a result of growth, they were looking for ways to become more efficient with better communication, engagement, reporting and streamlining their credit union's systems.

The Results

Understanding the importance of engaging employees before day one, the Texas Trust team did an outstanding job of providing a comprehensive preboarding and onboarding experience for new employees. By promoting a vibrant and positive employer brand, they are ensuring their new hires feel confident they made the right decision and empowered to have an impact quickly.
